

# AADITYA DONGRE DONGRE

## SUMMARY

Full-stack developer and AI enthusiast skilled in Python, Flask, Machine Learning, Deep Learning, and NLP. Experienced in building web applications, working with databases, and implementing Large Language Models (LLMs). Strong foundation in statistics, discrete mathematics, and problem-solving, with a passion for creating innovative solutions using cutting-edge technologies.

## EXPERIENCE

**Full Stack Developer Intern**, 03/2024 - Current  
**Sri Sathya Sai Vidya Vahini** - India

## EDUCATION AND TRAINING

**BS [hons] in in Mathematical Sciences and Computing with specialization in AI, Mathematical Sciences And Computing**, Expected in 2027  
**Sri Satya Sai Institute of Higher Learning** - Andra Pradesh

## LANGUAGES

**Hindi:** First Language

**English:** C1

Advanced (C1)

## CERTIFICATIONS

- **Programming for Everybody (Getting Started with Python)** - University of Michigan, Issued: [Date] - Grade: 96.60%
- **Python Data Structures** - University of Michigan, Issued: [Date] - Grade: 99.20%
- **HTML, CSS, and Javascript for Web Developers** - Johns Hopkins University, Issued: [Date] - Grade: 86.95%
- **Supervised Machine Learning: Regression and Classification** - DeepLearning.AI & Stanford University, Issued: [Date] - Grade: 92.29%
- **Generative AI with Large Language Models** - DeepLearning.AI & AWS, Issued: [Date] - Grade: 94%
- **Natural Language Processing with Classification and Vector Spaces** - DeepLearning.AI, Issued: [Date] - Grade: 95.83%
- **Natural Language Processing with Attention Models** - DeepLearning.AI, Issued: [Date] - Grade: 100%
- **Natural Language Processing with Probabilistic Models** - DeepLearning.AI, Issued: [Date] - Grade: 94.60%
- **Natural Language Processing with Sequence Models** - DeepLearning.AI, Issued: [Date] - Grade: 86.60%

## CONTACT

**Address:** Chhindwara India

**Phone:** 6232318230

**Email:** Sai13aadityad@gmail.com

## SKILLS

### Programming Languages:

- Python
- C
- C++

### Web Development:

- Flask
- Full-Stack Development
- Front-End Development
- Back-End Development
- SQL
- Database Design & DBMS

### Data Science & AI:

- Machine Learning
- Deep Learning
- Natural Language Processing (NLP)
- Large Language Models (LLM)
- Generative AI

### Mathematics & Statistics:

- Statistical Inference
- Probability & Statistics
- Discrete Mathematics
- Problem Solving

### Computer Vision & AI Applications:

- Computer Vision
